April 4, 2022,

Dear Valued Partners,

As everyone has experienced across the board, costs are at an unprecedented high. Meeting operational demands while juggling the low supply of equipment and labor has been an ever-increasing challenge. Terminal Transfer will be increasing our Window Fee to \$90.00 per House Bill effective May 1, 2022. We greatly value our partnership during this challenging time, and thank you for your cooperation and understanding. We are happy to answer any questions you may have.

Sincerely,

Trevor Smith
